### **AREA(S) OF CHOICE** (Information leaflet – please read carefully)

The **TOTAL** number of areas of choice between Sligo Borough Council and Sligo County Council which can be specified at any given time is three (3). At least one area of choice has to be in an area within where the application is being lodged.

It should be noted that that these areas are **NOT** ranked in priority, you are specifying up to three areas in which you would be willing to accept an offer of accommodation.

When selecting an area of choice for Sligo Borough Council, **please select one of the Areas A – F.** It is not possible to select individual housing estates.

In the event that Sligo Borough Council acquires housing in another estate it will be taken that the area within closest proximity to this estate will be seen as including this estate.

It should be noted that in selecting one of the areas A – F indicates that your application will be considered with all others, for all the estates listed therein.

**You may not change an area of choice more than once in any 12 month period** i.e. 12 months from the date Sligo Borough Council receives the completed change of area of choice form or as indicated on the housing application form for a total of 3 No. Areas.

Applicants should note that offers of accommodation are subject to vacancies occurring within the different areas of choice.

Please list areas where you wish to be considered for housing with Sligo Borough Council on your housing application form.
